Product Evaluation Reports

TDI publishes product evaluation reports to assist you. If you have a question regarding a product used on a structure, or you are unable to locate the report on our website, please contact the Engineering Services Program by phone, or by email. We may have an expired product evaluation report, or legacy report, that we could provide to assist you with your current project. We publish current evaluation reports on our website:

www.tdi.texas.gov/wind/prod/index.html

We want to hear from you!

Do you have a question you would like us to address in an upcoming Newsletter? If so, please email us at engineering@tdi.texas.gov and put "Newsletter Question" in the subject line.

2014 By the Numbers

WPI-1s received: **2,363**

WPI-2s received: **2,295**

WPI-8s issued: **2,120**

Number of appointed engineers: **244**

As of 2/1/2014

Documentation Dilemmas

Corrections/Revisions

- When sending revisions to TDI's Intake Unit, please outline the specific item that you are revising and include the incorrect information. Example: I am revising the address from 122 Main Street to 123 Main Street.
- If a TDI staff member contacts you to request changes to any documentation that you've submitted, please send the corrections back to that specific staff member to expedite processing.

Please fax documents to *one* fax number, *one* time only unless otherwise requested by the Intake Staff.
